## lazy caterpillar

BY BEHR

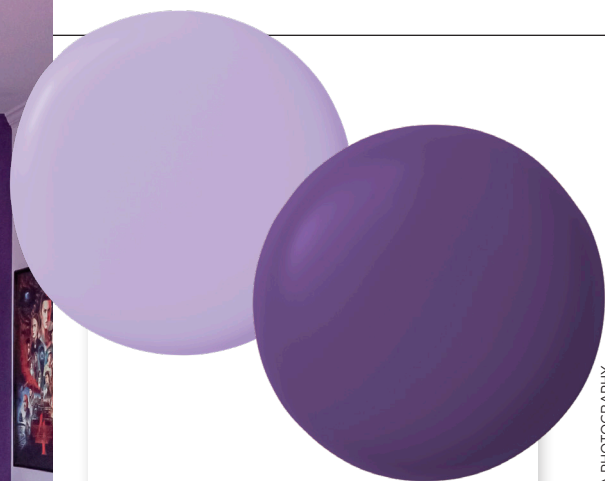

"This mudroom opens up to a poolside paradise, so we wanted to give it that preppy Palm Beach feel. We balanced the bright citrus green with

cool, calming blue accents."

—Jocelyn Chiappone,  
@digsdesignco,  
Newport, RI

## magical + mystical grape

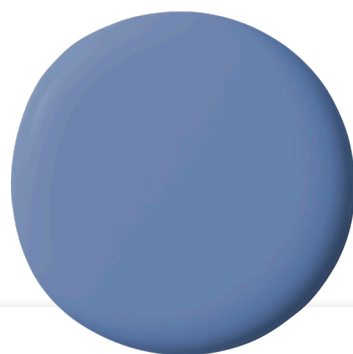

BY SHERWIN-WILLIAMS AND BENJAMIN MOORE

"These colors feel vibrant and ambitious—and they play so well with pink accessories. This combo would also

be great for an office or game room."  
—Laquita Tate, @quitatate, Memphis

## yin yang

BY BENJAMIN MOORE

"I chose this cabinet color to match my clients' bold personalities. The smoky violet undertones of this blue make the kitchen so inviting, especially when coupled with the mint green tile backsplash."

—Kayti Fan, @kaytifandesigns, Denver

## cherry chip

BY DUNN-EDWARDS

"Most people think of coral as a pink, but this version has punchy orange undertones that keep it fun but not too girly. Perfect for this guest bathroom!"

—Gail Barley, Gail Barley Interiors, Orlando, FL
